www.Talent-Share.com

Talent-Share.com is a knowledge sharing portal targeted towards sharing skills, expertise and knowledge in various fields.

Individuals sign up to share their skills and also to gain expertise in different areas. Areas of learning is unlimited. Virtually any area of expertise can be shared and learned through this portal.

Learning opportunities are endless. Anything can be learnt. It can be Art, Sport, and Academic or Technical, anything can be learned. Learning methodology can be web based, class room, in-person or phone based.

Using the friendly search user interface, one can search for various Trainers, Teachers, and SMEs Professors and Outstanding professionals and access them and get enrolled into their courses and lectures. Talent-Share.com provides immense opportunities to achieve, excel and make progress in your career and professional life. There is no barrier for learning. With one-on-one communication, you can directly reach to individuals and get their help and have their knowledge shared.

Learning Unlimited

Anything can be learned. Let it be Art, Science, Technology, Business Skills, Music, Craft, anything can be learnt from various individuals who excel in their subject and willing to share.

SMEs (Subject Matter Experts) throughout the World from various walks of life are available on this portal. They provide their best experience and teach you things you want to learn. Share experiences and tell you the way things to be done. This can be in-person, or online, or on phone or on web. There are no pre-recorded videos. Everything is in-person, live, either one-on-one or group.

Browse through Profiles and Choose:

Browse profiles of various individuals who are offering to share their knowledge, experience and skill. Reach out to them and join their scheduled classes and become an expert. Choices are endless and opportunities are abundant.

From Career subjects to Hobbies, From Music to Robotics everything is possible to learn and seek.

How do I contribute?

If you are a SME in your domain, you can share your knowledge and experiences by creating an online profile. Publish your details and skills information, your schedules and courses you designed. People around the world will reach you and sign-up with you. You get rated by your students on your skills and knowledge sharing. The more rating you get the more students you can get. You choose your service changes for your students. You are the Trainer, Teacher/Mentor/Guide and you OWN your knowledge sharing sessions!

Focus on What You Do Best:

Improve your Knowledge, Skills, Ability, Craftsmanship, take up new hobbies, venture into new areas and improve your potential to do many things and get the best of your life. Enhance your portfolio of what you can do and be first and best in what you do and what you want to achieve.

"Talent-Share.com is best and very thoughtful. Puts me into learning mode all the time." —A distinguished reviewer.

With Talent-Share, you can learn things like:

- Learning a Language
